PSAT Pressurized Adhesive Tape

For Reel Turn-up Systems

General

Monarch's pressure sensitive adhesive tape (PSAT) has been carefully selected to perform in a variety of mill conditions. The tape adheres well to metal or fiber spools. Our most popular tapes (Repulpable) can be removed from metal spools with warm clear water. Our Hi-Tac adhesives work on any size spools and in cool weather. We offer a variety of colors to aid visual confirmation to avoid missed turn-ups.
